1.1 Introduction

This Kisanzone project is a web based shopping system for an existing shop. The project objective is to deliver the online shopping application on a web platform.

Online shopping is the process whereby customers directly buy goods or services from a seller in real-time, without an intermediary service, over the Internet. It is a form of electronic commerce. This project is an attempt to provide the advantages of online shopping to customers of a real shop. It helps buying the products in the shop anywhere through the internet by using a web system. Thus the customer will get the service of online shopping and home delivery from Kisanzone.

1.2 Objective

The objective of the project is a complete and efficient web application which can provide the online shopping experience. The web application can be implemented in the form of a php application with web view.

There are several objectives following given below.

1. It provides a facility to customers who want to shop on-line due to lack of time.
2. It provides full details about the product and related information about the product. Like cost, size, etc.
3. With the help of it we can save time and money.
4. It provides better security and good delivery service to the customer

1.3 Project overview

The central concept of the application is to allow the customer to shop virtually using the Internet and allow customers to buy the items of their desire from the store. The information pertaining to the products are stored on an RDBMS at the server side (store).

The Server processes the customers items are shipped to the address submitted by them. The application was designed into two modules first is for the customers who wish to buy the goods/products/items. Second is for the storekeepers/admin who maintains and updates the information pertaining to the products and those of the customers. The application is hosted on the web and the administrator maintains the database. The application which is deployed at the customer database, the details of the items are brought forward from the database for the customer view based on the selection through the menu and the database of all the products are updated at the end of each order. Data entry into the application can be done through various screens designed for various levels of users. Once the authorized personnel feed the relevant data into the system, several reports could be generated as per the security.

1.4 Existing System

The current system for shopping is to visit the shop manually and from the available product choose the item the customer wants and buy the item by payment of the price of the item .

1. It is less user-friendly.
2. Customers must go to shop and select products.
3. It is difficult to identify the required product.
4. Description of the product limited.
5. It is a time consuming process.
6. Not in reach of distant users.

1. 5 Proposed System

In the proposed system, customers need not go to the shop to buy the products. He can order the product which he wishes to buy through the Kisanzone. The shop owner will be admin of the system. He/She can appoint moderators who will help the owner in managing the customers and product orders. The system also recommends a home delivery system for the purchased products.

2. System Specifications

2.1 Software Specification

1. Operating System : Windows xp or above, linux
2. Frontend : HTML5, CSS3, Bootstrap, Jquery, Javascript
3. Backend : Object oriented php
4. Database : Postgresql
5. Framework : Codeigniter 3.1
6. Tool : Xampp (PHP version 5.6 or above)

2.2 Hardware Specification

1. Processor : Intel pentium II or above
2. Processor speed : 1.76 GHZ or above
3. Hard disk space : 50 GB
4. Ram : 1 GB

3. Module Specification:

In Kisanzone consist customer, admin and super admin module

3.1 Farmer/Customer: Customer can

1. Browse for desired product
2. View the product
3. Select product
4. Add to shopping cart
5. Log in or signup
6. Proceed to checkout
7. Make payment
8. Review and confirm order
9. Track order

3.2 Admin: Admin can

1. Maintain brands, categories and products information
2. Able to see and generate products inventory, users list, monthly sale of product, category wise monthly sale of products, users feedback, brand list and category list report

3.2 Super Admin:

Super admin can create sub-admin(admin)

6. Captured screenshots of kisanzone project

Admin side

1. Create admin (Higher Authority will create admin)

It will also check for existing email and send credential to mail

The screenshot shows a web browser window titled "kisanzone-admin-user" with the URL "localhost/kisanzone-cj/CAdminUser". The page displays a "Create Admin User" form. The form fields and their validation messages are:

- Username:** A text input field with the placeholder "Username". Below it, a red error message says "Username should be characters and between 2 and 20 characters".
- Email:** A text input field with the placeholder "Email". Below it, a red error message says "Please enter valid email".
- Password:** A text input field with the placeholder "Password". Below it, a red error message says "Password is required". There is also a checkbox labeled "Show Password".
- Status:** A dropdown menu set to "Active".

A blue "Create" button is located at the bottom right of the form.

2. Admin Login

A screenshot of a web-based 'Admin Login' form. The title 'Admin Login' is at the top. There are two input fields: 'Username' and 'Password'. Both fields have red validation messages: 'Username is required' under the first field and 'Password is required' under the second. A checkbox labeled 'Show Password' is located below the password field. A blue 'Login' button is at the bottom right of the form. The browser address bar shows the URL 'localhost/kisanzone-ci/CAdminManage/index'.

A screenshot of a web browser window titled "kisanzone-admin". The URL in the address bar is "localhost/kisanzone-ci/CAdminManage/index". The main content area is titled "Admin Login". A red error message box at the top says "Login failed!". Below it, there are input fields for "Username" (containing "rahul") and "Password" (containing "Xento@1234"). A checked checkbox labeled "Show Password" is visible. A blue "Login" button is at the bottom right.

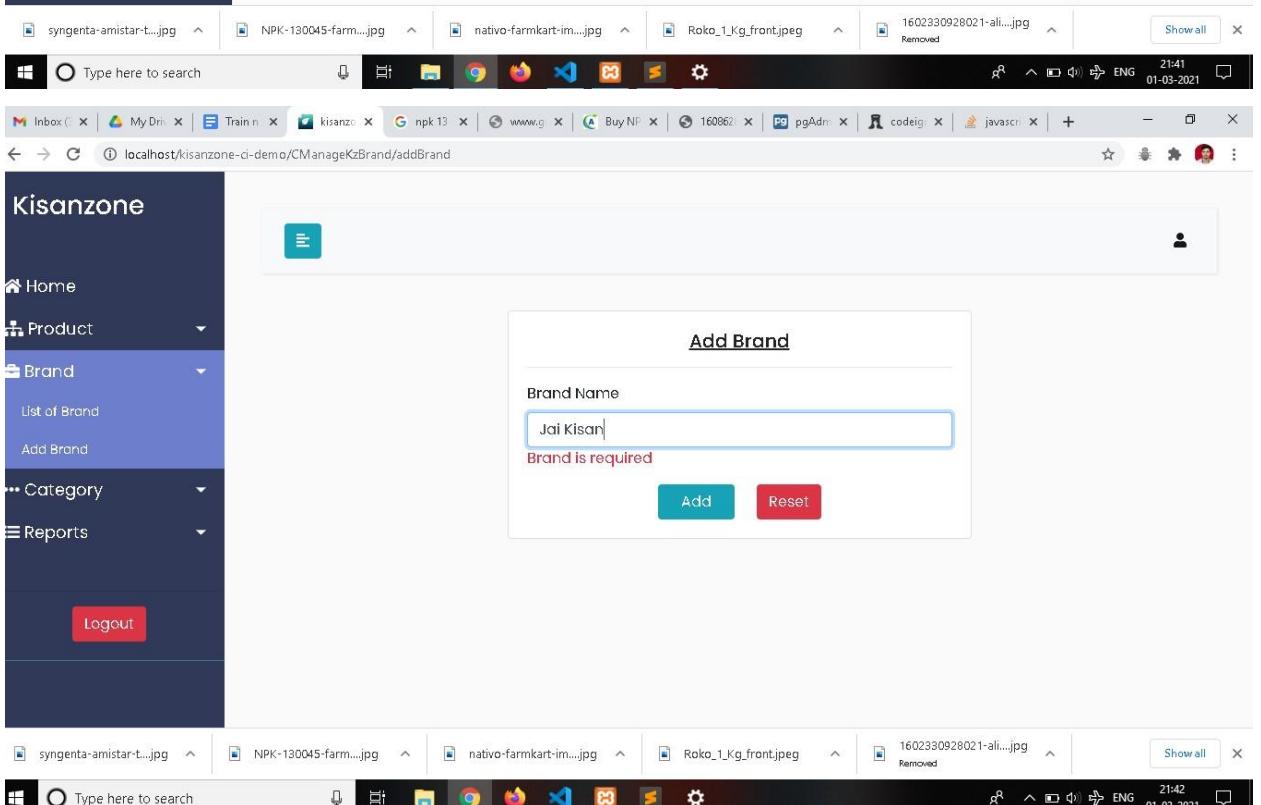

Logged into account and admin dashboard

A screenshot of a web browser window titled "kisanzone-admin". The URL in the address bar is "localhost/kisanzone-ci/CAdminManage/adminDashboard". The left sidebar has a dark blue header with the "Kisanzone" logo and a purple "Home" button. Below it are dropdown menu items for "Product", "Brand", "Category", and "Reports", followed by a red "Logout" button. The main dashboard area has a light gray header with a profile icon and the name "rahul". Below the header, the word "Dashboard" is centered. There are four cards with statistics: a blue card for "Products" (5), a red card for "Brands" (3), a green card for "Categories" (2), and a teal card for "Users" (5).

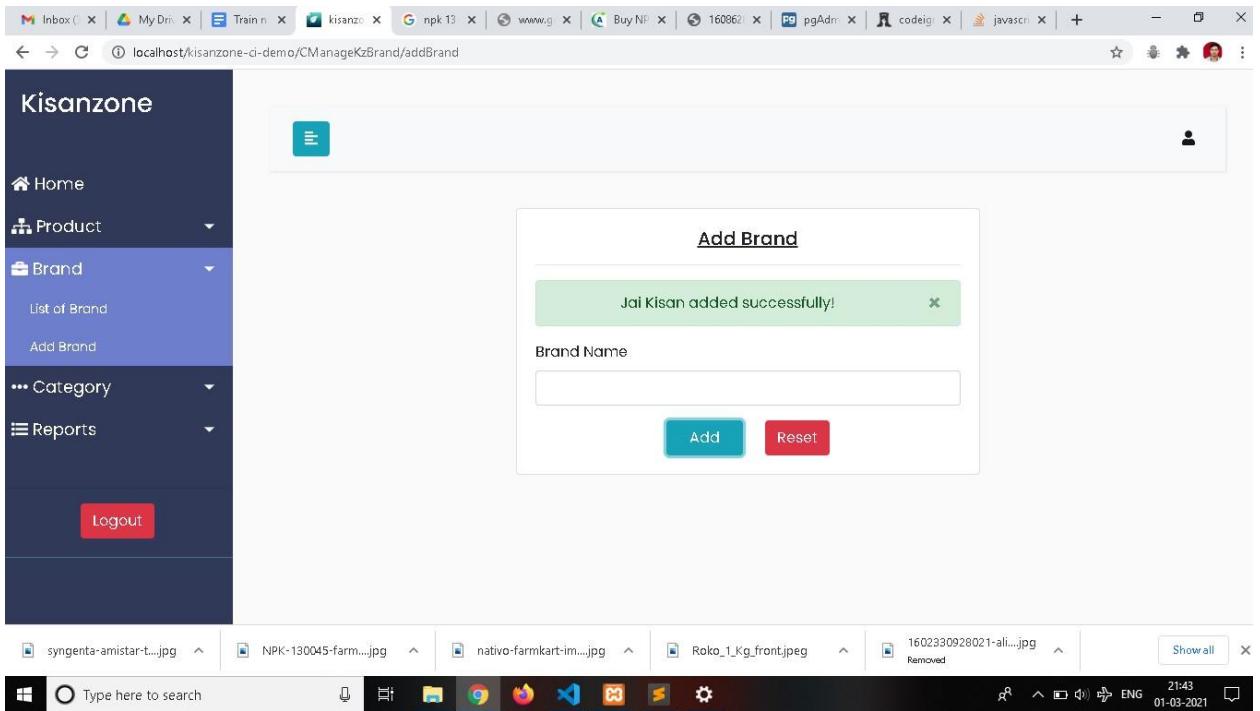

3. Add Brand

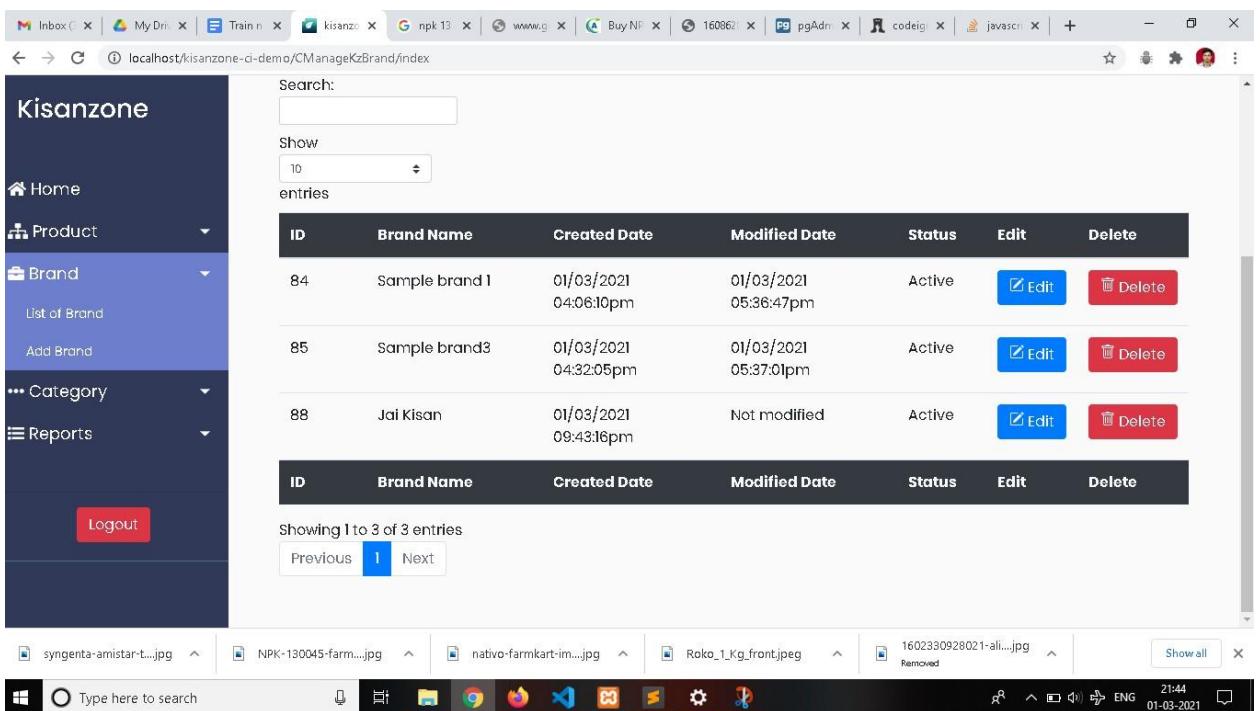

The screenshot shows the 'Add Brand' form in the Kisanzone application. The 'Brand Name' field is empty, and a red validation error message 'Brand is required' is displayed below it. The 'Add' and 'Reset' buttons are visible at the bottom of the form.

The screenshot shows the 'Add Brand' form in the Kisanzone application. The 'Brand Name' field now contains the value 'Jai Kisan'. The validation error message 'Brand is required' is no longer present. The 'Add' and 'Reset' buttons are visible at the bottom of the form.

4. View Brand

The screenshot shows a web application interface for managing brands. On the left, a dark sidebar menu includes 'Home', 'Product', 'Brand' (selected), 'Category', and 'Reports'. The 'Brand' section has 'List of Brand' and 'Add Brand' options. A red 'Logout' button is at the bottom. The main content area is titled 'View Brand List'. It features a search bar with 'Jai Kisan', a dropdown for 'Show' set to '10 entries', and a table with two columns of data. The table has headers 'ID', 'Brand Name', 'Created Date', 'Modified Date', 'Status', 'Edit', and 'Delete'. One row is shown with ID 88, Brand Name 'Jai Kisan1', Created Date '2021-03-01 21:46:54', Modified Date '2021-03-01 21:43:16.163079', Status 'Active', and Edit/Delete buttons. Below the table, it says 'Showing 1 to 1 of 1 entries (filtered from 3 total entries)' with navigation buttons for 'Previous' and 'Next'.

5. Edit brand

This screenshot shows the 'Edit Brand' modal window overlaid on the brand list page. The modal title is 'Edit Brand'. Inside, there is a 'Brand Name' input field containing 'Jai Kisan'. Below the input is an 'Edit' button. In the top right corner of the modal is a close button. The background of the page shows the brand list with one entry for 'Jai Kisan1'. The status is 'Active' with edit and delete buttons. The bottom of the page displays the same search and pagination controls as the previous screenshot.

Screenshot of a web application interface titled "Kisanzone". The left sidebar shows navigation links: Home, Product, Brand (selected), Category, Reports, and Logout. The main content area displays a modal window titled "Edit Brand" with a search bar containing "Jai Kisan". Below the search bar, there is a table with columns "ID" and "Brand Name", showing one entry with ID 88 and Brand Name "Jai Kisan". A modal footer contains "Edit" and "Close" buttons. At the bottom of the page, there is a table with columns "ID", "Brand Name", "Created Date", and "Modified Date", showing three entries. The first entry has ID 88, Brand Name "Jai Kisan", Created Date "2021-03-01", and Modified Date "2021-03-01". The status column shows "Active" with edit and delete buttons.

Screenshot of the same web application interface after performing an action. The modal window now displays a green success message: "Record updated successfully!". The rest of the interface remains the same, showing the list of brands and their details.

7. Add Category

Kisanzone

Add Category

Category Name

Category is required

Add Reset

The screenshot shows the Kisanzone application interface. On the left is a dark sidebar with navigation links: Home, Product, Brand, Category (selected), Reports, and Logout. The main content area has a title 'Add Category.' A form field labeled 'Category Name' contains the value 'Fertilizers'. Below the field is an error message: 'Category is required'. At the bottom of the form are two buttons: 'Add' (blue) and 'Reset' (red).

Add Category.

Category Name

Fertilizers

Category is required

Add Reset

The screenshot shows the same application interface after the category was added. The 'Category Name' field is empty. A green success message box displays 'Fertilizers added successfully!'. The rest of the interface is identical to the first screenshot.

Fertilizers added successfully!

Category Name

Add Reset

8. View Category

The screenshot shows the Kisanzone application interface. On the left is a dark sidebar with navigation links: Home, Product (with Brand), Category (selected), Reports, and Logout. The main content area has a title 'Kisanzone' and a toolbar with 'Columns', 'Print', and 'Excel' buttons. Below is a search bar and a dropdown for 'Show' entries. A table lists three categories:

ID	Category Name	Created Date	Modified Date	Status	Edit	Delete
10	sample category1	01/03/2021 04:30:26pm	01/03/2021 04:32:29pm	Active	<input checked="" type="button"/> Edit	<input type="button"/> Delete
11	sample category2	01/03/2021 04:32:40pm	Not modified	Active	<input checked="" type="button"/> Edit	<input type="button"/> Delete
15	Fertilizers	01/03/2021 09:52:20pm	Not modified	Active	<input checked="" type="button"/> Edit	<input type="button"/> Delete

Below the table, it says 'Showing 1 to 3 of 3 entries'. The bottom of the screen shows a taskbar with various icons and the date/time '21:52 01-03-2021'.

9. Edit Category

The screenshot shows the Kisanzone application interface. The sidebar and table from the previous screenshot are visible. A modal dialog titled 'Edit Category' is open over the table. It contains a 'Category Name' input field with 'Fertilizers' typed in and an 'Edit' button. In the top right corner of the modal is a 'Close' button. The background table remains the same, showing the three categories listed earlier.

10. Add Product

Screenshot showing the 'Add Product' form in the Kisanzone application and a file selection dialog.

The browser window displays the 'Add Product' page with the following fields:

- Product Brand:** select brand (Plz select brand)
- Product Category:** select category (Plz select category)
- Product Name:** (Plz enter a product name)
- Product Price:** (Plz enter price)
- Product Quantity:** (Plz enter amount)
- Product Image:** Choose File (No file chosen) (Plz select Image)
- Product Description:** (Please enter description)

At the bottom are 'Add' and 'Cancel' buttons.

A separate file selection dialog is open, showing files from Local Disk (D):

- NP DATA BACKUP
- Utkarsh
- allette-250gm-farmkart-image-1
- nativo-farmkart-image-1
- New Doc 04-04-2020 23.14.18
- New Doc 04-04-2020 23.28.43
- PDF
- PDF
- New Doc 04-04-2020 23.31.03
- NPK-130045-farmkart-image-1
- Roko_1_Kg_front
- solufert
- syngenta-amistar-top-fungicides
- Utkarsh

The 'File name:' field contains 'solufert'. The 'Open' and 'Cancel' buttons are visible at the bottom of the dialog.

ID	Name	Image	Price	Quantity	Description	Category	Brand	Created Date
41	Allette-Fungicide-250 gm		600.00	10	Allette is a systemic fungicide effective against Oomcytes fungi like downy mildew diseases of	sample category1	Sample brand3	01/03/2021 04:40:44pm

product and recommended to used for drip fertigation or foliar spray. It has nitrate nitrogen content which has proved best for fertilization for all most all the crops.

ID	Name	Image	Price	Quantity	Description	Category	Brand	Created Date
48	13-00-45_Potassium_Nitrate		125.00	20	This provides excellent green-up in low temperature conditions.	sample category1	Sample brand1	01/03/2021 10:03:42pm

12. Edit Product

The screenshot shows a web browser window with multiple tabs open at the top. The main content area displays a modal dialog titled "Edit Product". The dialog contains fields for Product Brand (Sample brand 1), Product Category (sample category1), Product Name (13-00-45_Potassium_Nitrate), Product Price (125.00), Product Quantity (20), and a Product Image section featuring a thumbnail of a Solufert product bottle. Below the image is a "Choose File" button and a message stating "No file chosen". A "Product Description" field contains the text: "This provides excellent green-up in low temperature conditions." At the bottom right of the modal are "Edit" and "Delete" buttons. The background of the page shows a dark sidebar with navigation links like Home, Product, Brand, Category, Reports, and Logout.

This screenshot is nearly identical to the one above, showing the "Edit Product" modal dialog. However, the "Edit" button at the bottom left of the modal is now highlighted in blue, indicating it has been clicked. The rest of the interface, including the sidebar and the browser's taskbar, remains the same.

Screenshot of a product management application interface.

The left sidebar shows navigation links: Home, Product (selected), Brand, Category, Reports, and Logout.

The main form fields are:

- Product Brand: Sample brand 1
- Product Category: sample category1
- Product Name: I3-00-45_Potassium_Nitrate
- Product Price: 125.00
- Product Quantity: 200
- Product Image: A small image of a Solufert product bottle.
- Product Description: This provides excellent green-up in low temperature conditions.

Buttons: Edit (blue) and Delete (red).

Screenshot showing the result of a successful update operation.

The message "Record updated successfully!" is displayed in a green box at the top.

The product details remain the same as in the previous screenshot.

Buttons: Edit (blue) and Delete (red).

Screenshot of a web application interface for managing products, specifically for the "Kisanzone" brand.

The URL in the browser is `localhost/kisanzone-ci-demo/CManageKzProducts/index`.

The left sidebar menu includes:

- Home
- Product
- Brand
- Category
- Reports

The "Logout" button is located at the bottom of the sidebar.

The main content area shows a product form for "Sample brand 1" (sample category).

Form fields include:

- Product Name: 13-00-45_Potassium_Nitrate
- Product Price: 125.00
- Product Quantity: 200
- Product Image: A small image of a fertilizer bag labeled "Solufert" and "NPK 13-00-45". Below it is a "Choose File" button with the file name "nativo-f...age-1.jpg".
- Product Description: This provides excellent green-up in low temperature conditions.

Buttons at the bottom of the form include "Edit" (in blue) and "Close".

The status bar at the bottom of the screen shows:

- Type here to search
- Windows taskbar icons (File Explorer, Google Chrome, Microsoft Edge, etc.)
- Date and time: 01-03-2021 22:08

13. Delete Product

The screenshot shows a web browser window with multiple tabs open. The active tab is titled 'localhost/kisanzone-ci-demo/CMangeKzProducts/index#'. The main content area is a dark-themed dashboard for 'Kisanzone' with a sidebar containing links like 'Home', 'Product', 'Brand', 'Category', and 'Reports'. A red 'Logout' button is at the bottom of the sidebar.

A modal dialog box titled 'Confirmation' is displayed in the center. It contains the message 'Are you sure you want to delete #48?'. Below the message are two buttons: 'Close' (grey) and 'Yes' (red).

Below the modal, there is a table header for a product list:

14. Products inventory report

The screenshot shows the Kisanzone admin dashboard. On the left, there's a sidebar with navigation links: Home, Product, Brand, Category, Reports (selected), Products Inventory (selected), Orders List, Cancelled Orders List, Monthly Sale of Products, Categorywise monthly sale of products, Most Viewed Products, and Users List. The main content area is titled "Products Inventory". It includes a toolbar with "Sort by columns", "Print", and "Excel" buttons, and a search bar. A table lists product details: Id, Name, Quantity, Price, Category, Brand, and Added Date. The table contains the following data:

Product Id	Name	Quantity	Price	Category	Brand	Added Date
41	Aliette-Fungicide-250 gm	0	600.00	Insecticides	Brand2	01/03/2021 04:40:44pm
42	Roko Fungicide 1Kg	18	1100.00	Insecticides	Brand2	01/03/2021 04:45:19pm
43	Nativo Fungicide 100 gm	30	780.00	Insecticides	Brand1	01/03/2021 04:47:35pm
44	Richfield NPK 13:00:45 Soluble Fertilizer 25 Kg	0	2570.00	Fertilizers	Brand1	01/03/2021 04:49:19pm
52	Vermicompost Potting Mixture - 500 gram Powder	0	168.00	Fertilizers	Brand1	10/03/2021 05:15:18pm

15. Orders list report

The screenshot shows the Kisanzone admin dashboard. The sidebar is identical to the previous one, with the "Reports" and "Orders List" links under the "Reports" category being selected. The main content area is titled "Orders List". It includes a toolbar with "Sort by columns", "Print", and "Excel" buttons, and a search bar. A table lists order details: Order Id, Order Item Id, Customer Id, Product Id, Quantity, Price, and Order Date. The table contains the following data:

Order Id	Order Item Id	Customer Id	Product Id	Quantity	Price	Order Date
59	68	32	52	2	336.00	31/03/2021
59	69	32	44	1	2570.00	31/03/2021
63	73	32	52	2	336.00	31/03/2021

Below the table, it says "Showing 1 to 3 of 3 entries". At the bottom right, there are navigation buttons for "Previous", "1", and "Next".

16. Cancelled orders list report

The screenshot shows the Kisanzone admin interface. The left sidebar has a blue header "Kisanzone" and a "Reports" section containing "Cancelled Orders List". The main content area is titled "Cancelled Orders List" and displays a table of cancelled orders. The table has columns: Order Id, Order Item Id, Customer Id, Product Id, Quantity, Price, and Cancel On Date. The data in the table is:

Order Id	Order Item Id	Customer Id	Product Id	Quantity	Price	Cancel On Date
60	70	32	42	1	1100.00	31/03/2021
61	71	32	52	1	168.00	31/03/2021
62	72	32	52	2	336.00	31/03/2021

17. Monthly sales of product report

The screenshot shows the Kisanzone admin interface. The left sidebar has a blue header "Kisanzone" and a "Reports" section containing "Monthly Sale of Products". The main content area is titled "Monthly sale of products" and displays a table of monthly sales. The table has columns: Year, Month, Quantity, Product Id, and Product Name. The data in the table is:

Year	Month	Quantity	Product Id	Product Name
2021	March	1	44	Richfield NPK 13:00:45 Soluble Fertilizer 25 Kg
2021	March	1	42	Roko Fungicide 1 Kg
2021	March	7	52	Vermicompost Potting Mixture - 500 gram Powder

18. Category wise monthly sales of product report

The screenshot shows a web browser window titled "kisanzone-admin" with the URL "localhost/ci/Reports/categorywiseMonthlySaleOfProducts". The left sidebar is dark blue with white text, showing navigation links: Home, Product, Brand, Category, Reports (selected), Products Inventory, Orders List, Cancelled Orders List, Monthly Sale of Products, Categorywise monthly sale of products (selected), Most Viewed Products, and Users List. The main content area has a light gray background. It displays the title "Categorywise monthly sale of products" and a table with two data rows. Below the table, it says "Showing 1 to 2 of 2 entries". At the bottom right, there are "Previous" and "Next" buttons.

Category	Year	Month	Quantity
Fertilizers	2021	March	8
Category	Year	Month	Quantity
Insecticides	2021	March	1

19. Most viewed products report

The screenshot shows a web browser window titled "kisanzone-admin" with the URL "localhost/kisanzone-ci/Reports/mostViewedProducts". The left sidebar is identical to the previous screenshot. The main content area displays the title "Most viewed products list" and a table with five data rows. Below the table, it says "Showing 1 to 5 of 5 entries". At the bottom right, there are "Previous" and "Next" buttons.

Product Id	Name	Number of time seen
41	Aliette-Fungicide-250 gm	2
42	Roko Fungicide 1Kg	2
43	Nativo Fungicide 100 gm	2
44	Richfield NPK 13:00:45 Soluble Fertilizer 25 Kg	2
Product Id	Name	Number of seen
52	Vermicompost Potting Mixture - 500 gram Powder	2

20. Users/Customers list report

The screenshot shows a web application interface titled 'kisanzone-admin' on the left sidebar. The main content area is titled 'Users Inventory'. It features a table with columns: Cus Id, Name, Email, Mobile, City, State, Address, and Date. The table contains three rows of data. A search bar and a 'Show' dropdown are also present.

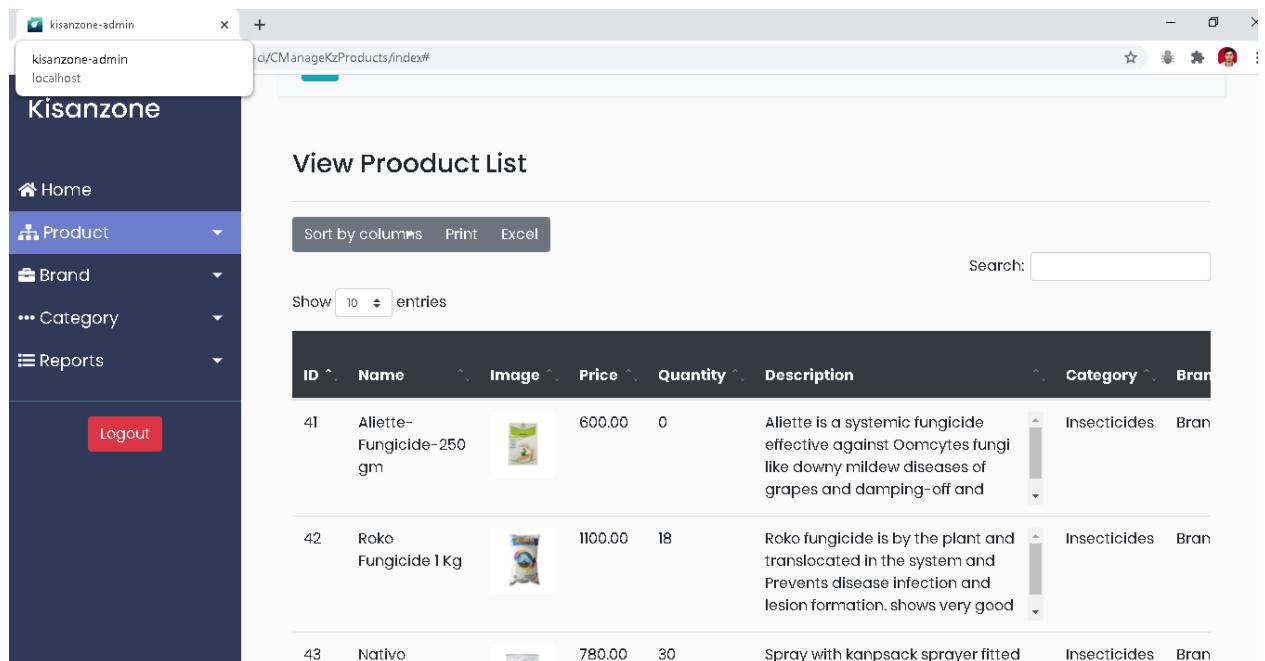

Cus Id	Name	Email	Mobile	City	State	Address	Date
25	Ram Kadam	rahulpkadams@gmail.com	9834441921	Aurangabad	Maharashtra	At. Panvi Khurd	10/01/2021
