12. Edit Product

The screenshot shows a web browser window with a title bar containing multiple tabs. The active tab is labeled "localhost/kisanzone-ci-demo/CManageKzProducts/index". The main content area displays a dark-themed user interface for "Kisanzone". On the left is a sidebar with navigation links: Home, Product (selected), Brand, Category, Reports, and Logout. There is also a "Choose File" button and a note "No file chosen". A "Product Description" field contains the text "This provides excellent green-up in low temperature conditions." At the bottom right of the panel are "Edit" and "Delete" buttons.

This screenshot is similar to the one above, showing the "Edit Product" form for the same potassium nitrate product. The main difference is that the "Edit" button at the bottom of the form is now highlighted in blue, indicating it has been clicked or is the current action. The rest of the interface, including the sidebar, product details, and description, remains the same.
